

MOMENT FOR MISSION – JUNE 15

Items from the First Church New Directions Visioning report 2008 included the following:

- First Church should “become a Sanctuary of Friends providing outreach and support for homeless children and adults”.

Additionally, when asked the question;

- “What differences do you feel called to make in the world?” . . . many of you responded by saying “reach out to the homeless”.

On June 15 Jon Katov, will be here to introduce the Open Table program. The goal of Open Table is to provide a community of support and motivation needed to help homeless individuals/families on the journey to self-sufficiency. Homeless individuals/families who are interested in taking an active role in bettering their future work directly with Open Table members, case managers, and shelters to create a personalized plan that will facilitate their journey into wholeness and self-sufficiency. This proven program has already successfully brought many families out of homelessness.

To learn more about this exciting program visit their website at www.theopentable.org
We're committed to starting this program at First Church later this summer. Please consider becoming actively involved in this important mission.
